

» **MAGNUM 977B**

3/8 BR X 5/8 AR | IBBA: RR 563011

Magnum impressed us as a calf and has continued to do so. His outstanding length and thickness of rump caused us to see how he would perform in the show ring as well as the pasture. He first gained attention by being named Reserve Grand Champion in 1994 and Houston Livestock Show & Rodeo Grand Champion Red Brangus Bull in 1995.

When his calves started hitting the ground, we were further impressed as their average 205-day weights for both bulls and heifers is 537 pounds, with a herd index of 117%. Magnum has gained worldwide recognition for his production by artificial insemination and embryo transfer, of much admired calves from Colombia to South Africa, Paraguay and Mexico.

Magnum is co-owned with Guillermo Zambrano, owner of La Excondida Ranch - Monterrey, Mexico. R M is a strong maternal sire with very good milk EPDs.
